DETAILED ACTION

Drawings

It is suggested by the examiner that the applicant would submit formal drawings that have a much clearer image of the claimed invention for publication.

Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 1, 7 and 13 nowhere in the prior art is found a lamp display having a support, a lamp base platform rotatably coupled to the support, configured to support at least on lamp base, a lamp shade platform coupled the support and the lamp shade having a plurality of shade supports positioned above the lamp base platform with each shade support being adapted to hold a lamp shade. Also the lamp base platform rotate relative to the support to align with the lamp base positioned atop the lamp base platform with each of the overlying shade platform and lampshades.

Klein (US 5,996,819) shows a display stand for lamps shades having a support 14 with a plurality lampshades platform 40 coupled to the support, Klein does not teach or suggest a lamp base platform rotatably coupled to the support or a lamp base positioned atop the lamp base platform.

Humphrey (US 6,591,993) shows a rotating lampshade display carousel system having a support member 111, a lampshade platform 102 rotatably around the support.

Art Unit: 2875

Humphrey does not teach or suggest a lamp base platform rotatably coupled to the support or a lamp base positioned atop the lamp base platform.

Reed (US 5,491,616) shows a heat induced rotating lampshade having a support 28 mounted to a lamp base 26, lamp shades 10 that rotate around the support when the lamp is heated from illumination.

Reed does not teach or suggest the lamp base platform, a lamp base platform both coupled to the support, along with the lamp base and lampshade align together with the lamp shade located above the lamp base where the lamp base platform and lamp shade platform are rotatably around the support.

Claims 2-6, 8-12 and 14-17 are allowed because of its dependency upon claims 1, 7 and 13 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
